

Supplemental Recruiting Services

Not every company needs a traditional retained model for each search. Sometimes you just need to overcome a challenge. Executek's recruiting process and expertise can be used to augment your own internal recruiting efforts. Any piece of a search can be outsourced to Executek.

QuickLaunch – Not sure how to generate more applicants? Executek runs a recruitment marketing campaign, gathers all applicants, reviews resumes, and highlights the most relevant candidates for delivery to you. Quit waiting for applicants and start interviewing, recruiting, and hiring.

AccuSource – Not seeing enough qualified candidates in all those applicants? Executek utilizes our deep network of industry relationships to source passive candidates that may not be actively seeking, but are open to a career change. Focus your time recruiting the right candidates, rather than filtering through the unqualified ones.

AccuScreen – Made the wrong hires? Executek takes the applicants and candidates you've sourced and applies our expertise to screening and evaluating those people. You need to understand candidates' strengths and shortcomings, so we'll filter, interview, check references and deliver detailed recommendations. Our expertise will help you focus your attention on hiring the best candidates.

Compensation and Retention Analysis – Losing candidates at the offer stage? Is your attrition rate high? Executek can perform an extensive compensation study with benefit comparisons to make sure your comp plan is competitive. With the right information, you can be sure you won't lose the war for top talent.

Call today to learn how our Supplemental Recruiting Services can save you on the costs of traditional recruiting.
